HTF4 HACKTOFUTURE

RULEBOOK

HackToFuture 4.0 is a 36 hour long Offline hackathon, running from 15-17 April 2026, conducted by The Sceptix Club of St Joseph Engineering College in partnership with EGDK India Pvt. Ltd.

1. Eligibility

- Open to students pursuing B.E., B.Tech, M.Tech, BCA, MCA and MBA.

2. Registration

- Each team must consist of 2-4 members.
- The team must register themselves on the HackToFuture 4.0 listing on Unstop.
- Registration is completely FREE.
- Teams can be interdepartmental and inter-semester and also inter-college.
- Each participant can only be in one team.

3. Prizes

Winner (per theme): ₹40,000
Runner-up (per theme): ₹20,000
Side Quest: ₹5,000 per Quest
Goodies worth of ₹2,00,000

Total Prize Pool of 4.5 Lakh +

4. Company Themes

- There will be 2 Problem Statements each from 3 Themes.
- Teams can select up to 2 problem statements from different themes and submit their ideas using the provided Abstract Template Slides (upload in PDF format).
- Teams will be shortlisted based on their submitted abstracts. If a team submits two abstracts, only one will be selected, and they will be expected to develop that solution. Shortlisted teams will then work on their assigned problem statement during the hackathon.
- Top 30 teams (10 teams for each theme) will be shortlisted.
- Shortlisted teams will be announced on or before 27th March 2025.
- The 36-hour development phase runs from 6 PM, 7 April 2025, to 6 AM, 9 April 2025.
- The final project submission deadline will be 6 AM, 9 April 2025.
- Plagiarism is strictly prohibited - teams must submit their GitHub repository link at the start for commit tracking and plagiarism monitoring.

5. Open Innovation

- The Open Innovation Theme is open to all participants, regardless of their academic background or specialisation.
- Each team participating under this theme must include at least one First-Year student as a team member.
- Teams that do not meet the First-Year participation requirement will not be considered eligible for submissions under the Open Innovation Theme.

6. Side Quests

- Side Quests are mini-challenges introduced during the hackathon.
- All participating teams are eligible to take part.
- Side Quests are optional and will be announced at different stages of the hackathon.
- Completion of a Side Quest should not interfere with the main project submission.

6. Judgement Criteria

- Innovation & Creativity
- Technical Implementation
- Functionality & Feasibility
- Impact & Relevance
- Presentation & Demonstration

The decision of the judging panel shall be final and binding.

7. Facilities & Logistics

- Participants will be provided accommodation at the venue. Further details will be shared with shortlisted teams.
- Wi-Fi and power will be available throughout the event.
- Participants must bring their own laptops, chargers, and any other required peripherals.
- No additional devices will be provided.
